

SwiftSeat

IRCTC Tatkal Ticket Booking Automation Engine

₹99 / Month

UNLIMITED BOOKINGS

⚡ Key Features & Capabilities

HIGH SPEED

Instant Passenger Autofill

Fills names, ages, genders, berth preferences, and mobile numbers in under 2 seconds automatically.

30-Second Auto-Start

Launches automatically 30s before the Tatkal window opens (10:00 AM AC / 11:00 AM Sleeper).

Auto Credentials & Focus

Injects login credentials safely and auto-focuses the CAPTCHA field so you only type the code.

Live Monitor Streaming

Watch the entire automation live in real-time from your web dashboard monitor stream.

🔄 Automation Workflow

HYBRID ENGINE

Bot Automates (Instant)

- Fills station codes (YNK → YG) & dates.
- Searches train list & picks target train.
- Injects all passenger data in 1 click.
- Directs you to final payment portal.

You Perform (Manual)

- Type login CAPTCHA (if prompted).
- Click Sleeper/AC class & 'Book Now'.
- Type payment CAPTCHA text.
- Approve UPI request on mobile phone.

📊 Speed Comparison

PERFORMANCE

FEATURE / TASK	MANUAL BOOKING	SWIFT SEAT ⚡
Passenger Entry Time	45 – 90 Seconds	Under 2 Seconds
Search & Date Setup	20 – 30 Seconds	Instant / Auto
Time to Payment Portal	2 – 4 Minutes	Under 30 Seconds
Tatkal Confirmation Rate	~15% Success	~85%+ Success
30s Pre-Start Window	Not Supported	Supported

1 Get License Key & Activate

Visit hikershorizon.in/swiftseat, enter your email and complete ₹99 payment. Copy your license key and activate it in the extension/dashboard.

2 Configure Form & Passenger Details

Fill in IRCTC login credentials, stations (e.g. YNK to YG), train number, travel class, journey date, and list of passengers into the form.

3 Start Automation or Enable Auto-Start

Click **Start Sequence** or enable **Auto-Start** mode (launches 30 seconds before 10:00 AM / 11:00 AM Tatkal window).

4 Select Class & Click Book Now

The bot navigates to train results. Click your preferred class (Sleeper / AC) and click **Book Now**. The bot instantly injects all passenger details!

5 Type Payment CAPTCHA & Approve UPI

Type the CAPTCHA code into the box, choose your UPI payment method (GPay/PhonePe/Paytm), and approve the transaction on your smartphone.

Pro-Tip for Fast Payment

Open your UPI app (Google Pay, PhonePe, or Paytm) on your smartphone before starting. The moment you hit Submit on IRCTC, approve the payment notification immediately!

? Frequently Asked Questions

[SUPPORT](#)

Are my login credentials safe?

Yes. Credentials and passenger details are saved only on your local browser. No data is stored on remote servers.

Which browsers are supported?

Google Chrome and Microsoft Edge on Windows, macOS, and Linux desktop operating systems.

What if IRCTC site slows down?

If the website hangs, press F5 (Reload). The bot will automatically resume from the step you were on.

How long does the license last?

Your ₹99 license key gives 30 days of active subscription with unlimited Tatkal ticket bookings.
